Make up games

We are still working on adding back games with Batesville and Franklin County that were rained out during week one. These are conference games and will be made up.

As soon as we know more, the coaches will pass along that information.

Hopefully soon!

Quote of the Week:

Senior Spotlight

KEITH TRESSUER #20

OF/P

Is there a game that stands out to you as a favorite memory?

East Central last year because we came together as a team and won the second game.

What are your other activities outside of baseball?

I am a freshmen mentor, in cheerblock and Spanish Club, and played football.

What are your future plans?

I plan on attending IUPUI and studying health education.

What advice would you give young players?

Work hard every day to get better. Play together as a team and the results will take care of themselves.

Thoughts from Coach Harpring:

Keith is one of our better athletes and has played all over the field the last three years. We think he has settled in as an outfielder and will also help us on the mound this year. Keith is a returning captain and is an excellent example of what hard work can accomplish, as he has improved in several areas since the beginning of his sophomore year. His leadership by example will be a plus for us and we will miss that next year.
